

Would you like to hold your dog's paw in your hand while you drink your coffee?
Order a custom paw print mug at K9z 4 a Cause!

Here's how it works:

Reserve your spot (contact info below) and then bring your dog to the Stone Pony Pottery table on Sept. 14 between 1 and 3 pm. Sue will press your dog's paw into clay and take it back to her studio, use it to create a rubber mold, and then use the mold to create a replica of the original print, which she will apply to a hand-made stoneware mug.

What you will get:

Your original paw print, the rubber mold created from it, and a hand-made mug.

Reservations required! Please contact Sue to reserve your clay slab.

\$75 per mug, plus \$15 shipping per mug, plus tax.
Payment will be collected on Sept. 14 when your paw impression is taken. Cash is appreciated but credit cards will also be accepted.

Allow approximately 6 weeks for production.

Thank you,
Sue Zimmer
